

# 2-Man 6-6-6 Combo

In this event, 2 players compete as a team. 6 holes are played in Scramble format, 6 holes are played in Best Ball format, and 6 holes are played in Alternate Shot format

## FORMAT

Each 6 hole course is played using a different format as follows.

**Alternate Shot (traditional): Holes 1-6.** Prior to the start of this nine, each team must chose who will hit the tee shot on the even holes and who will hit the tee shots on the odd holes, play alternately after the tee shot until the ball is holed out. The ball used from the tee must also be used for the entire hole unless it is lost. No changing balls, even on the green. Always play the ball as it lies – no “preferred lies”, no “winter rules”. Record the team gross scores on the scorecard.

**Best Ball: Holes 7-12.** 2 Man net best ball. Stokes will be given as they fall according to the score card. Both players play the ball as it lies. Both players' gross scores should be recorded on the scorecard.

**Scramble: Holes 13-18.** Both players hit a tee shot, pick the best one and both players hit the next shot from that point. Repeat until the ball is in the hole. Do not tap in putts before your partner has played, once the ball is in the hole, that is the score for the team. Both balls may be placed within one club length of the original spot through the green and within 6 inches when on the green, no nearer the hole and it cannot be moved out of a bunker or a hazard. Both shots must be played from the same cut of grass where the original ball lay. Record the team gross score for each hole. There are no restrictions on the number of shots used by each player.

**Handicap Calculation:** Scramble – the handicap is 35% of lower handicap player + 15% of higher handicap player. Best Ball – each player gets his strokes where they lie based on their handicap. Alternate Shot – the average of each players handicap.
